

INTENTIONAL CAREERS™ ACCELERATOR

2-DAY LIVE EVENT

90%

of UK postdocs will need to transition beyond academia

AS ONLY

10%

secure tenured positions
(Source: Prosper Project)

YET UP TO

78%

of PhD researchers want to stay in academia
(Source: HEPI)

There is a huge mismatch between expectations vs reality. **The Intentional Careers™ Accelerator** helps to bridge that gap and manage the anxiety of a saturated and stagnant jobs market.

DAY 1

Figure Out 'What's Next?'

09:30-11:00	The Intentional Careers™ Strategy
11:15-12:45	Escape the Capability Trap
13:45-15:15	Fulfilment & Joy Maxxing
15:30-16:30	Create your Intentional Careers™ Plan

DAY 2

Strategies to Make It Happen!

09:30-11:00	Stand Out: Evidencing Your Value
11:15-12:45	Stand Out: Using LinkedIn
13:45-15:15	Creating Opportunities
15:30-16:30	Short & Long Term Propelling Standards

£7,000 + VAT

(excluding travel expenses)

Every Participant Receives:

Workbook

1-Page A3 Pivot Map

Talent Dynamics Profile (worth £99)

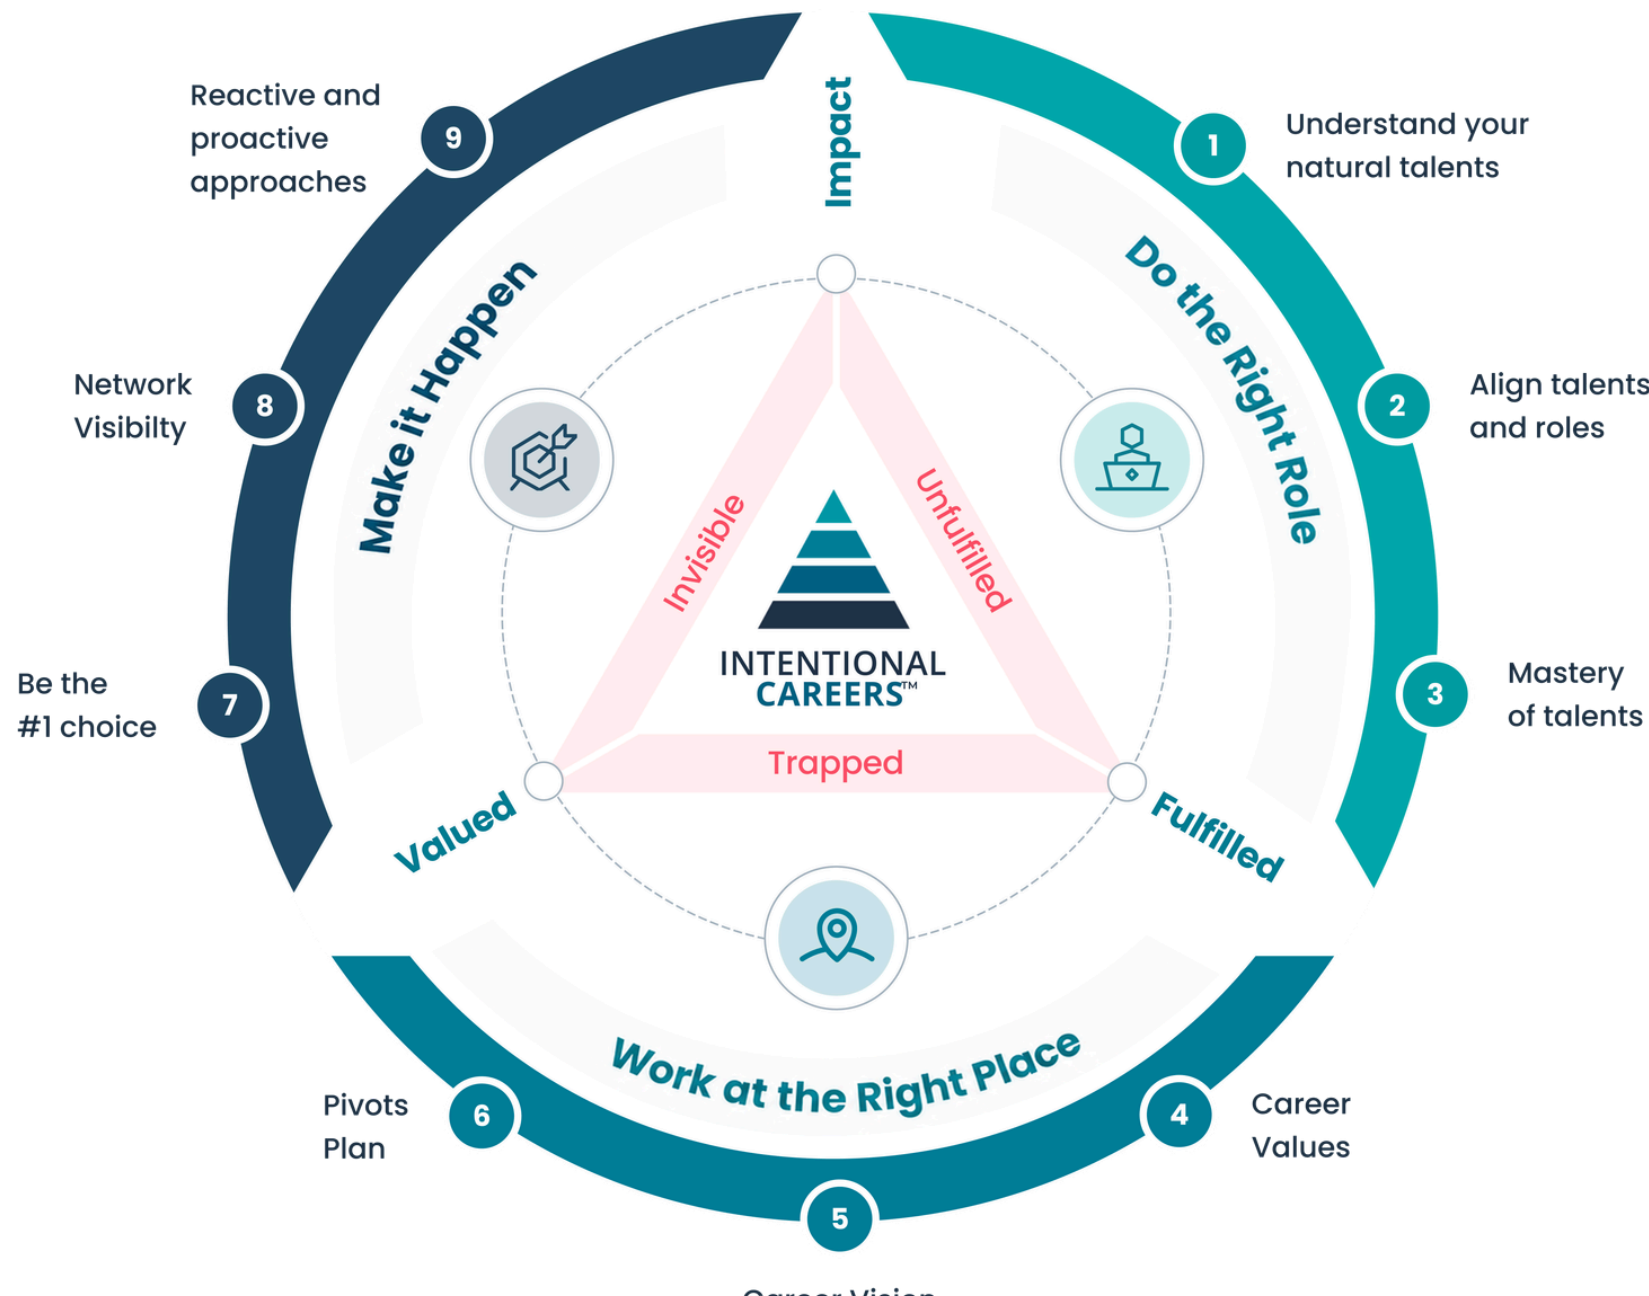

Maximum of 32 participants.

Leave with short-term clarity and long-term agency.

The 2-day event supports Early Career Researchers to regain responsibility for their career pathway. Whether that is to give themselves the best possible chance of continuing in academia or to move beyond academia without feeling like they have failed.

THE METHODOLOGY

9 simple steps taken over 2 days to create extraordinary results.

100% would recommend it to a colleague.

ABOUT YOUR TRAINER

Dr Hannah Roberts is an award-winning coach and international speaker.

She is on a mission to eradicate inequity in the workplace by guiding professionals to design careers for fulfilment, with a mindset for leadership, to build progressive workplace cultures where every individual feels valued.

“Such an engaging and thought-provoking event. Career development is not only about gaining technical expertise, but also about knowing who you are, what you bring to the table, and building meaningful professional connections.”

– Diana Sitenda, PhD Researcher at City St George's, University of London
